OBJECTIVES

Experienced software engineer with over 2 years of expertise in developing and implementing applications using technologies such as Flutter, React, Express.js, Laravel, Firebase, MongoDB, and more. Seeking opportunities to leverage my skills in a dynamic and innovative environment.

EDUCATION

Bahirdar Institute of Technology
Bachelor of Science in Software
Engineering

Bahirdar University

- Coursework in Artificial Intelligence
- Coursework in Computer Graphics

PROFESSIONAL EXPERIENCE

Software Developer **July 2021 - Present**
Hawi Software Solutions(HSS)
Delivered over four successful projects, showcasing proficiency in handling multiple assignments and achieving exceptional outcomes.

PROJECTS

Augmented Reality-Based E-commerce
Developed as a final year project at Bahirdar University using Unity Engine, Flutter, Vuforia, and Node.js.

Human Resource Management System
Designed and implemented an HRM System for Harambe University using Laravel and Vue.js framework.

School Management System
Created a comprehensive SMS for Kamara School in Adama using Laravel for the backend and Flutter for the mobile application.

Music Streaming App
I have been working on the web component of a music streaming project. This component allows users to add, edit, and manage music tracks and other necessary data to ensure the proper functioning of the application.

TECHNICAL SKILLS

- **Laravel**
- **Express.js**
- **Node.js**
- **Next.js**
- **React.js**
- **Flutter**
